## Tinnitus Questionnaire

**Tinnitus is the medical term for ringing, roaring, or other noises that a person hears in the ear(s). When evaluating symptoms of tinnitus, patient history and description of the symptoms is extremely important in making a correct diagnosis. Please mark all answers that apply and fill in the appropriate blanks.**

YES NO

**Location:**

\_\_\_ \_\_\_ The sound is heard in which ear?  
\_\_\_right \_\_\_left \_\_\_both

**Quality:**

Rate the severity of how the tinnitus is bothersome to your lifestyle on a scale of 1-10

Right\_\_\_/10 Left\_\_\_/10 **If you scored either of these as a "5" or above, please complete reverse side.**

\_\_\_ \_\_\_ Does it affect your ability to sleep?  
\_\_\_ \_\_\_ Does it affect your ability to concentrate?

**What best describes your tinnitus?**

**Frequency/Pitch**

\_\_\_ Ringing \_\_\_ High frequency  
\_\_\_ Rushing, roaring, or seashell noise \_\_\_ Mid frequency  
\_\_\_ Buzzing \_\_\_ Low frequency  
\_\_\_ Whistling  
\_\_\_ Pulsatile: \_\_\_regular with heartbeat \_\_\_erratic rhythm  
\_\_\_ Popping  
\_\_\_ Other (please describe)\_\_\_\_\_

**Duration, timing, and context:**

How long ago did you first begin experiencing tinnitus? \_\_\_\_\_

\_\_\_ \_\_\_ Is the tinnitus constant?  
\_\_\_ \_\_\_ Is the tinnitus recurrent?

If recurrent, how long do episodes last? (provide range): \_\_\_\_\_ (circle one) seconds/minutes/days  
How often do the episodes occur? (provide range) \_\_\_\_\_ per day/week/month

**Modifying factors:**

\_\_\_ \_\_\_ Is the tinnitus triggered or made worse by:  
\_\_\_ stress/anxiety \_\_\_loud noise \_\_\_dietary factors (i.e. caffeine or salt) \_\_\_positions  
Other (please explain)\_\_\_\_\_?

\_\_\_ \_\_\_ Is it more prominent in a quiet environment?  
What makes the tinnitus less noticeable\_\_\_\_\_?

\_\_\_ \_\_\_ Have you been exposed to loud noise? If so what: \_\_\_\_\_?

\_\_\_ \_\_\_ Have you started new medications when the tinnitus began (especially intravenous antibiotics or chemotherapy)? If so what medication\_\_\_\_\_?

**Associated signs and symptoms (check where appropriate):**

\_\_\_ Headache \_\_\_ Ear pain \_\_\_ Dizziness \_\_\_ Allergies \_\_\_ Ear infections  
\_\_\_ Visual changes \_\_\_ Hearing loss \_\_\_ Feeling of pressure in the ears  
Other (please explain)\_\_\_\_\_

**Previous evaluation and treatment:**

\_\_\_ \_\_\_ Have you seen a physician for the tinnitus? If so, name \_\_\_\_\_  
What prior tests have you had: \_\_\_Hearing Test \_\_\_ABR \_\_\_MRI?  
What prior treatments have you tried\_\_\_\_\_?

**Patient Name** \_\_\_\_\_ **Patient Signature** \_\_\_\_\_
